Official logo of OUAVM determined

The Obihiro University of Agriculture and Veterinary Medicine (OUAVM) called for official logo design submissions from November 8 to 30, 2016, and received 119 submissions from across Japan.

The OUAVM Board of Directors selected as the official OUAVM logo the design below that was submitted by Sapporo-based graphic designer Ms. Toshiko Sakurai. The selection was made in reference to results of an online poll conducted about the submissions among OUAVM teaching staff and students.

The official logo was designed in the motif of the oak, which is used in OUAVM's school emblem. The logo will be used in various ways, including on OUAVM's websites, publications and goods.
