

## for RESEARCH in JAPAN 2019

JSPS carries out programs that provide overseas researchers who have an excellent record of research achievements with an opportunity to conduct collaborative research, discussions, and opinion exchanges with researchers in Japan.

### Features

- We value the pursuit of knowledge above all else. The program is open to all, regardless of nationality or academic field
- Tailored to a full spectrum of researchers, from early-career researchers to eminent scientists
- Flexible durations ranging from short to long terms

### Science Dialogue Program

The Science Dialogue Program offers JSPS fellows the unique opportunity to volunteer and give lectures in English on their research work at Japanese high schools in the vicinity of their host institutes.
