Acari Biology Workshop 2026

Program (tentative)

February 10, 2026

9:00– Registration

Morning session @PK hall, NRCPD & Zoom

9:30– Opening remarks Dr. Noboru Inoue

9:40 Dr. Rika Umemiya-Shirafuji

9:40– [Topic 1] Dr. DeMar Taylor

10:30 Physiological research (Professor Emeritus, University of
using soft ticks (tentative) Tsukuba; Visiting Professor, NRCPD,
Obihiro University of Agriculture and
Veterinary Medicine)

10:30– Discussion 1

10:40

(Break)

10:50– [Topic 2] Dr. Hiroki Kawabata

11:40 Experimental methods (Dept Bacteriol-I, Natl Inst Infect Dis,
using ticks for research on Japan Institute for Health Security)
tick-borne pathogens
(tentative)

11:40– Discussion 2

11:50

Afternoon session @Genome lab (205), NRCPD

14:00– Practical Session, Q&A, Dr. Taylor, Dr. Kawabata,

17:00 and Discussion Dr. Umemiya-Shirafuji

17:00 Closing Remarks Dr. Noboru Inoue

The program may change due to weather or other factors.
