By February 3, 2026

Acari Biology Workshop 2026

Program

February 10, 2026

9:00- Registration

Morning session @PK hall, NRCPD & Zoom

9:30- Opening remarks Dr. Noboru Inoue

9:40 Dr. Rika Umemiya-Shirafuji

9:40- [Topic 1] *in English*

10:30 Advancing the Study of Soft Tick Physiology: Tools and Perspectives

Dr. DeMar Taylor

(Professor Emeritus, University of Tsukuba; Visiting Professor, NRCPD, Obihiro University of Agriculture and Veterinary Medicine)

10:30- Discussion 1

10:40

(Break)

10:50- [Topic 2] *in Japanese with English slides*

11:40 Ticks and Infectious Diseases: Big Impacts of Tiny Creatures

Dr. Hiroki Kawabata

(Dept Bacteriol-I, Natl Inst Infect Dis, Japan Institute for Health Security)

11:40- Discussion 2

11:50

Afternoon session @Genome lab (205), NRCPD

14:00- Practical Session, Q&A, Dr. Taylor, Dr. Kawabata,

17:00 and Discussion Dr. Umemiya-Shirafuji

17:00 Closing Remarks Dr. Noboru Inoue

The program may change due to weather or other factors.
