はじめに

留学生の皆さん、ようこそ帯広畜産大学へ！

このハンドブックは、帯広畜産大学へ入学した留学生の皆さんに大学での手続きや日常生活に関する情報を提供するために作成されたものです。皆さんが充実した学生生活を送る上で大切な情報が記載されていますので、是非活用して下さい。

慣れない環境での生活にはいろいろと苦勞がつきまとうものです。例えば市役所での様々な手続きや保険への加入、銀行での口座開設等は日本人でも面倒なものです。でもやってみると意外と簡単なこともあります。大学と同様、市役所や銀行の窓口には担当の職員がいて親切に面倒を見てくれるはずですよ。まずはどこで何をしなければならぬのか、このハンドブックで調べてみて下さい。

大学の外で暮らすのは、最初大変ですが、きっと良い経験になるはずですよ。隣近所の住人と顔見知りになり、声をかけたりかけられたりするようになると、日本の暮らしがずっと身近に感じられるようになるでしょう。そのためにはゴミ出し(27ページを見て下さい！)等の地域のルールを守ることはもちろんですが、ちょっとした気配りが役に立ちます。「おはようございます」「こんにちは」「こんばんは」などの挨拶や、すれ違った時の軽い会釈や微笑みが、あなたが地域に溶け込むための助けになります。特別なことは必要ありません。皆さんが家族や友人に対してやっていることをやればいいのです。日本人は言葉のせいで外国人に対してはシャイな人が多いのですが、あなたから声をかけてみましょう。皆さんはたくさんの努力をして遥か帯広までやってきたのですから、もうちょっとだけ頑張って日本の生活に溶け込んでもらえたらと思います。そしてこの街があなたにとってのもう一つの故郷になればと願っています。

このハンドブックを読んで何かわからないことがあれば、遠慮なく留学生支援室(学生支援課)にお問い合わせ下さい。周りの人、例えば留学生の仲間やチューター、スーパーバイザーの先生に聞いてみるのもいいかもしれませんね。

それではここ帯広畜産大学ですばらしい学生生活を送れますように！

留学生支援室一同

To International Students,

Welcome to Obihiro!

This handbook contains useful information for your everyday life and procedures necessary for interactions with the university and local/national authorities. Please make good use of it and have a happy and productive university life in Obihiro.

Living in an unfamiliar environment, you are likely to encounter various difficulties. For example, you may experience problems in completing complicated procedures necessary for residence registration, opening a bank account, or subscribing to an insurance plan. Even for Japanese, these procedures are sometimes troublesome and time-consuming events, but please don't be intimidated by them. Generally you can find somebody (or more likely they will find you) who will assist you. Once you get accustomed to the procedures, you will find them much easier than they seemed at the beginning. The first step is to understand what you should do and where you should go. Please check for the information in this handbook.

Life in a foreign country is a stressful experience for everyone. You may especially feel this way if you live by yourself outside the university. Japanese life, with its unique customs and language, might seem peculiar to you. My advice to you is don't be shy. Please talk to your neighbors; even a simple greeting such as "Ohayogozaimasu (Good morning)", "Konnichiwa (Hello)", "Konbanwa (Good evening)", or just a small gesture of gratitude "Arigatougozaimasu (Thank you)" or apology "Sumimasen (Sorry)" will greatly enhance your standing in the community. Japanese people are generally shy when meeting foreigners because of language problems (a majority of Japanese are not good at English and somewhat afraid of it). However, once they get to know you, they will appreciate your presence. It is also important to follow social rules such as those for handling garbage collection (you need to sort garbage by type and put it in a designated area in the morning of garbage collection day). Please check for this type of information in this handbook. You have made great effort to come to Japan, so why not make a little more effort to adapt to Japanese everyday life? We hope Obihiro will become like your hometown.

If you have any question, please don't hesitate to ask us at the International Student Support Office. You can ask your friends (it is likely that they have had similar experiences), your tutor, or your supervisor too.

We hope you will have a wonderful and fulfilling student life in Obihiro University of Agriculture and Veterinary Medicine.

2. Scholarships

Japanese Government (MEXT) Scholarship Students

Payment of Scholarship and Enrollment Confirmation

If you are a MEXT Scholarship student, you receive a monthly stipend directly deposited into your bank account. To receive the scholarship, you need to have a bank account and sign the enrollment confirmation sheet.

Opening a Bank Account

In order to receive the scholarship payment on schedule, you must open an account at a Japan Post Office Bank (*yucho ginko*) as soon as possible after arrival. Please refer to P.27 for further details.

Monthly Enrollment Confirmation

At the beginning of every month, you are required to sign the enrollment confirmation sheet at the Student Affairs Section. The stipend is usually paid between the 20th and 25th of every month. If you fail to sign on time, your stipend will be paid the following month.

Please note that during busy periods such as at the beginning of the semester, payments may be slightly delayed.

Additionally, if you do not sign the enrollment confirmation sheet, or if you are not planning on attending university for at least one day each month, the stipend will not be paid for that month.

Amount of the Stipend

| Course | Amount |
|------------------------|-----------------|
| Undergraduate students | ¥117,000/Month |
| Research Students | ¥143,000/ Month |
| Master's Students | ¥144,000/ Month |
| Doctoral Students | ¥145,000/ Month |

¥3,000 per month will be added to the scholarship payment from November to March in the form of a cold-district allowance to cover the increase in the cost of heating etc.

Extension of Scholarship Period

Enrolled Japanese Government Scholarship students need to apply for the extension of their scholarship period when changing their degree status as follows:

- Undergraduate students who go on to graduate school.
- Research students who go on to graduate school.
- Master's students who go on to doctoral studies.

The application deadline for the scholarship extension is usually around October of the year before you start the advanced degree. If you are a research student admitted to the university in April and matriculate to a graduate school in October, you will need to submit your application in May. For details, please ask the Student Affairs Section.

【Documents to be prepared】

- Application form (available at the Student Affairs Section)
- Recommendation letter from your supervisor

Because of the large number of applications and limited budget, the Ministry of Education (*monbukagakusho*) will not be able to grant all applicants an extension of the scholarship period. In case you receive a rejection, you should be prepared to return to your country or continue your studies as a self-supported student.

Airfare Allowance for Returning Home

Upon completion of your designated study period and course / research work, you will receive an air ticket to return to your country. Air tickets cover flights departing from Tokyo or regular flights departing from cities with international airports to the international airport closest to your place of return. Travel expenses within Japan as well as airport taxes are not covered.

To receive a return air ticket, you must submit the Return Airfare Allowance Application (*kikoku ryohi shikyu shinseisho*) to the Student Affairs Section by early January at the latest if you are planning to leave Japan in March. (If you are planning to leave Japan in September, you must submit your application by early August). Even individuals requesting an extension of their scholarship period must submit a return airfare allowance application in the event their applications are denied and they are forced to return to their home country.

The return airfare allowance will not be provided under the following circumstances:

- Applicant has not completed the degree during the course term.
- Applicant has not departed from Japan by the designated date.
- Applicant has not submitted their application by the deadline.
- Applicant has returned to their home country for personal reasons before ending their designated study period.
- Applicant has chosen to remain in Japan after the designated study period ends.
- Applicant is receiving travel expenses from an institution other than MEXT.
- Applicant has violated any article of the pledge to MEXT.

Return air tickets will be issued about one or two weeks prior to the date of departure by a travel agency specified by MEXT. Please note that tickets cannot be converted into cash.

Career Plan Survey

At the end of your scholarship term, you will be asked to complete a career plan survey. Please participate in this survey.

3. Administrative Procedures

Leave of Absence, Readmission, and Withdrawal

Students seeking a leave of absence, readmission, or withdrawal should contact their supervising professor first and then complete the necessary procedures at the Educational Affairs Section.

Leave of Absence

If you leave the university for more than 2 months and less than 1 year for reasons of sickness or injury, you must submit a request to the Educational Affairs Section. A medical certificate must be attached in the case of sick leave. To extend the period of absence, you must submit an extension request before the original period expires.

If you take a leave of absence from the beginning of a semester, you will not be charged tuition for the semester. Full semester tuition must be paid when you leave in the middle of a semester. However, when you leave in the middle of the first month of a semester (April/October), you will only need to pay the first month's tuition.

Readmission

If you wish to return to the university, you should contact your supervising professor and submit the readmission Request through him/her to the Educational Affairs Section. Readmission after a leave due to sickness requires the submission of a health certificate issued by a hospital with the Readmission Request.

Withdrawal

If you wish to withdraw from the university, you must submit the Withdrawal Request form and have it approved before withdrawing from the university. Students who withdraw without submitting a Withdrawal Request form will continue to be considered registered, and will be charged tuition, etc.

Points to Be Aware of When Taking a Leave of Absence

According to the Immigration Control and Refugee Control Act, if holders of a "Student resident status" have not undertaken study and/or research activities for three consecutive months or more, they must leave Japan promptly or change their resident status if they plan to stay in Japan. They must have a legitimate reason to stay in Japan (hospitalization, etc.).

Please note that a leave of absence from the University for financial reason is not considered a legitimate reason to stay in Japan by the Immigration Bureau. Also it is prohibited to work part-time while taking a leave of absence from the university.

Points to Be Aware of When Withdrawing from the University

Those who withdraw from the university must notify the Immigration Bureau of their withdrawal within 14 days of withdrawing. Even if the period of residence status is valid, they must then leave Japan, or change their resident status if they plan to remain in Japan. Failing to abide by the law may result in a revocation of resident status.

Notification of Change

If you change your residential address, telephone number, or purchase a mobile phone, you must access to the Student Web Portal to register this information. Regarding change of your name, you need to submit the designated notification form to the Educational Affairs Section. The form is available at the Student Affairs Section. When you change your residential address or name, you need to notify the City Hall as well.

- The Student Web Portal is a website for course registration, credit and score confirmation, lecture cancellation and makeup date and times.

Tutoring System

Newly arrived international students may receive assistance in their academic and daily life from Japanese students (or senior international students) who have been assigned by their supervisor as personal tutors for international students.

The role of tutor is mainly to help international students with academic-and research-related concerns (preparation and revision of papers) and secondarily, Japanese language instruction and everyday life "guidance" such as a campus guide and help with applications.

We offer 2 years of tutoring support for undergraduates, and 1 year for graduate students. You should regularly consult your supervisor and tutor about the kind of help you may need for studies/research.

Tutors are also students, so he/she may not be available when you need help. We suggest that you schedule times to have meetings with your tutor.

Note that supporting your family including helping with administrative procedures to bring your family to Japan is not part of the tutor's responsibilities.

Entrance and Tuition Fees

Students, except for Japanese government scholarship students and OUAVM scholarship students are required to pay entrance examination, admission and tuition fees.

List of Fees

| Category | Entrance Examination Fee | Admission Fee | Tuition |
|------------------|-----------------------------------|---|---------------------|
| Payment Period | When applying for the examination | During a designated period after notification of acceptance | In May and November |

| Graduate | ¥30,000 | ¥282,000 | ¥535,800/ year |
| Research Student | ¥9,800 | ¥84,600 | ¥356,400/ year |

Tuition Fee Waiver and Extension on Payment

For privately-financed international students who are unable to pay their tuition fees and have excellent grades, there's a system that waives all or half of their tuition fees or postpones the payment. There is also another system that waives the entrance fee. Please note that research students are not eligible for this system.

Japanese Language Education

Japanese language classes are offered to international students to help them acquire conversational skills as well as basic knowledge about Japan necessary for their daily life so that they can pursue their studies and research as easily as possible. The classes consist of "Beginning" and "Elementary" Japanese, "Intermediate" Japanese and "Japanese Current Affairs". In all these classes instructors use English as the language of instruction when appropriate. "Beginning" and "Elementary" Japanese is for those who have no or little prior exposure to the language. Participants will learn, through the examples of common expressions, the minimum amount of Japanese needed for living in Japan. The topics covered also include reading and writing Japanese letters (50 hiragana and 50 katakana), basic vocabulary and elementary grammar. Those who have successfully completed the course will be able to communicate with local people in simple Japanese at various occasions in their daily life. "Intermediate" Japanese is intended for students who are already familiar with Japanese letters (hiragana and katakana) and more or less comfortable with simple conversation and greetings in Japanese. Students will learn more words, expressions as well as basic Chinese characters (100 to 200 kanji) while reviewing elementary grammar. Participants of this class are expected to be able to handle various situations they encounter in Japan. "Japanese Current Affairs" is for those who want to learn Japanese society, culture and custom while learning many aspects of modern Japan through textbooks with materials

- Please have the medical checkup every year as a preventative measure to maintain your health.

Certificate of Medical Examination

If students complete the above medical checkup, they may receive a Certificate of Medical Examination (*kenkou shindansho*) upon request. The Certificate of Medical Checkup is often required when applying for a scholarship or job.

A Certificate of Medical Examination is issued by a doctor based on the results of a thorough physical checkup and examination. To apply for this certificate, go to the Health Care Administration Center. You can receive the certificate after 15:00 the next day (If the application is submitted on the day before a holiday, you can receive the certificate on the first day after holiday). Requests by email or telephone are not accepted.

6. Medical Procedure • Health

If you are not well or injured and visit a hospital for treatment, be sure to take your National Health Insurance Card (*kokumin kenko hoken*, or *hoken*) with you. Most hospitals are open for consultations on weekdays during regular business hours and Saturday morning, and closed on Saturday afternoons, Sundays and national holidays. When you visit a hospital, you will need to show your National Health Insurance Card and patient card (for first-time visitors, only National Health Insurance Card is required) at the reception and wait to be seen by a doctor. If the hospital is crowded, you may need to wait for over an hour. After your consultation, you need to pay for the visit at the cashier's window and, if necessary, pick up your prescription, take it to a pharmacy, and purchase your medication.

National Health Insurance

The National Health Insurance System (*kokumin kenko hoken*) in Japan is designed to reduce an individual's medical expenses. All international students are required to enroll in this insurance. When presenting the card at a health clinic or hospital, you need to pay only 30% of the actual medical expense. Please note that medical checkups, immunizations and births are not covered by this insurance. There is another financial support system that covers the birth of a child. (Please refer to page 30).

Procedures for Registration

Registration Place: National Health Insurance Section (*kokuhokasekai*), Obihiro City Hall

Necessary Documents:

- Passport
 - Residence Card
- When there are any changes in the information on the card (change of address or name, etc.), you must report it to Obihiro City Hall within 14 days.
- When you return to your home country, you must return your National Health Insurance Card and pay any outstanding insurance premium.

Health Insurance Premium

When you join the National Health Insurance System (*kokumin kenko hoken*), the annual premium is calculated based on your previous year's income. The premium will be reassessed every year. The annual premium is paid in 10 installments from June to March. In the case where you have no income in Japan during the previous year, the premium will be around ¥20,000 for single person or ¥30,000 for married couples for 1 year. If your income increases due to a part-time job, the health insurance premium may increase.

When you register for the National Health Insurance System for the first time or if you had no income last year, you need to submit the Income Declaration Form to prove that you had no income in Japan in the previous year. If you fail to submit the declaration, the premium may increase. The National Health Insurance Section (*kokuhokasekai*) of Obihiro City Hall will mail a payment booklet that has the annual premium and the 10 payment slips every year. If you fail to pay the premium, you will have to pay the full amount for treatment at a hospital. You can pay the premium at City Hall, banks, the post office and convenience stores. Payment by Automatic Transfer is recommended. Under this system, your premium is withdrawn automatically from your savings account.

Hi-cost Medical Care Benefit

If you incur substantial medical costs due to hospitalization for surgery or other medical needs, you can often reduce the amount if expenses exceed the monthly ceiling set by the government.

Hi-cost Medical Care

Patients are generally required to pay 30% of the actual treatment costs, but there are "ceilings" (limits) on out-of-pocket treatment expenses for individuals with certain income levels. If costs of a treatment for a given month exceed your ceiling, you only need to pay the amount that corresponds to your income level self-pay ceiling. Please note that you must complete the necessary procedures to receive these services.

How to Apply

Place to apply: National Health Insurance Section (*kokuho ka*), Obihiro City Hall

Necessary Documents:

- National Health Insurance Card
- Receipts from the hospital, clinic or pharmacy
- Seal (*inkan*)
- Bank Account Book

You need to pay the full amount of the co-payment when you leave the hospital. After the application procedures have been completed, you will be reimbursed.

If you complete the application procedure in advance, the amount in excess of the self-pay limit is not charged at the hospital. Please ask the National Health Insurance Section (*kokuho ka*), Obihiro City Hall for further information.

Tax Information

Residence Tax

Individuals living in Japan are required to pay residence tax regardless of their nationality. The residence tax will be imposed on those who have a registration in the city on January 1st. The tax calculation is based on individual income of the previous year.

Income Tax

If you do a part-time job and receive a salary, you need to pay the income tax. If the amount of one-year income is less than 1,030,000 yen, you do not need to pay the tax.

Tax Convention

If your country had concluded a tax convention with Japan, you can claim an exemption of your income tax payment. The provision is different depending on each tax treaty, therefore, you need to refer to each tax treaty in each case. For details, please refer to the website of the National Tax Agency (Japanese only):

<https://www.nta.go.jp/taxes/shiraberu/zeimokubetsu/sozei/sozei.htm>

9. Daily Life

Bank

Services such as automatic transfer or deposits, remittances, utility payments, and credit card payments, are offered at all banks. (Refer to Handbook for International House I).

When you move to a new residence, you need to notify the electric and gas companies, and water department to start using these utility services. Please follow the procedures below.

Electricity

Hokkaido Electric Power: 0120-07-5154

Online application is available (Japanese only) (<https://www.enemall.hepco.co.jp/idou/>)

Water

To start using the water, please contact Obihiro City Waterworks Bureau (Japanese only).

Obihiro City Waterworks Bureau: 0155-65-4213

Be careful of frozen pipes

During winter, water sometimes freezes and water pipes burst. If this happens, your residence may flood or cause problems for residents downstairs, and you may be liable for significant monetary damages. Accordingly, when the nighttime temperature is forecast to fall below -4C°, or if you will be away from home for a few days, be sure to turn off the main water valve and open the taps to drain water remaining in the pipes. Ask your landlord how to do this beforehand.

Gas

Please be sure to confirm what type of gas is used, and relevant name and phone number of the company by asking your landlord. If City Gas is used, call Obihiro Gas (Japanese only).

Obihiro Gas: 0155-24-4200

A service representative needs to visit the residence on an appointed date to open/close the main valve. Call the customer service center at least 2 to 3 days prior to your move-in date. They may be closed for the weekend.

LP gas (*propane gas*) is provided by many companies. If you live in a residence where propane gas is used, please contact the relevant company after asking your real-estate agent/landlord for the relevant name and phone number.

How to Separate Garbage

International House

There is a garbage bin on the east side of the building. Please separate waste appropriately in line with the instructions issued upon moving in. Put trash in transparent plastic bags and place it in the bin.

Private Apartment in Obihiro • Municipal Housing

Obihiro City collects garbage at regular scheduled times. The garbage needs to be separated into “Burnable (Red bag)”, “Non-burnable (Blue Bag)”, “Recyclable (a clear bag)”. The red, blue and clear bags can be purchased at the university Co-op, convenience stores and supermarkets. Garbage improperly put out for collection or unsorted waste will not be picked up. Check the information about the proper separation of garbage you received from your landlord. Please put out your garbage out by 9:00am on the designated day of collection.

Why should we separate garbage ?

Burnable waste is incinerated and Non-burnable waste is buried after being crushed. Our proper separation is a first step to avoid polluted air and ambient pollution

Illegal Dumping (leaving garbage in undesignated areas) is strictly prohibited by law.

Making a Personal Seal

In Japan, personal seals (called *inkan* or *hanko*) are used instead of signatures for official documents and agreements. We recommend that you have an *inkan* made, not a self-inking stamp. An *inkan* costs 500 yen to 1,000 yen.

Cars and Bicycles

Cars

If you are planning to use a car, you must submit a copy of your driver's license and auto insurance policies (mandatory third-party liability insurance and other optional insurance) to the International Student Office. Please submit "Parking permit application" form at Student Affairs Section if you use a parking space on campus. Application form is available at Student Affairs Section.

On Campus Parking Rules

Parking permits should be placed on the front dash and be readily visible from outside the car. On-street parking is prohibited on campus, and car must be parked in a designated parking area. If you fail to park in a designated parking area, a notice will be placed on your car. If you continue to park in the wrong area, a wheel lock will be placed on your car by a university staff member and you will need to contact your supervisor to have it removed.

Once the bicycle is registered, they will affix a bicycle registration sticker. You should copy down the number for use in case your bicycle is stolen. 10. Family

Bringing Your Family to Obihiro

Having your spouse and/or children join you in Obihiro while you are studying will enable you to have a sense of security and peace of mind, but it can also be a financial burden. It can also take time away from your studies and research to look after your family members, who may have difficulty living in a different county with a different language. You should consider carefully whether to bring your family, keeping in mind what you have to do and your purpose for studying abroad. If you decide that you would like your family with you during your stay in Obihiro, you need to think about when they should come. To make the most of your studies and family life in Japan, we strongly recommended that you do not bring your family until you have adjusted to your new living environment, set up accommodations and have a clear budget for living expenses. (Based on the experiences of previous students, 6 months should be sufficient time for preparation.)

The international student is fully responsible for the miscellaneous procedures (Visa, School, Health) for their family, so please consult with your supervisor or the Student Affairs Section before you decide to bring your family. The process is cumbersome, and the university is unable to assist with any procedures related to family matters.
